

Track your post analytics

Here's how to track the analytics of your posts on DigiMe:

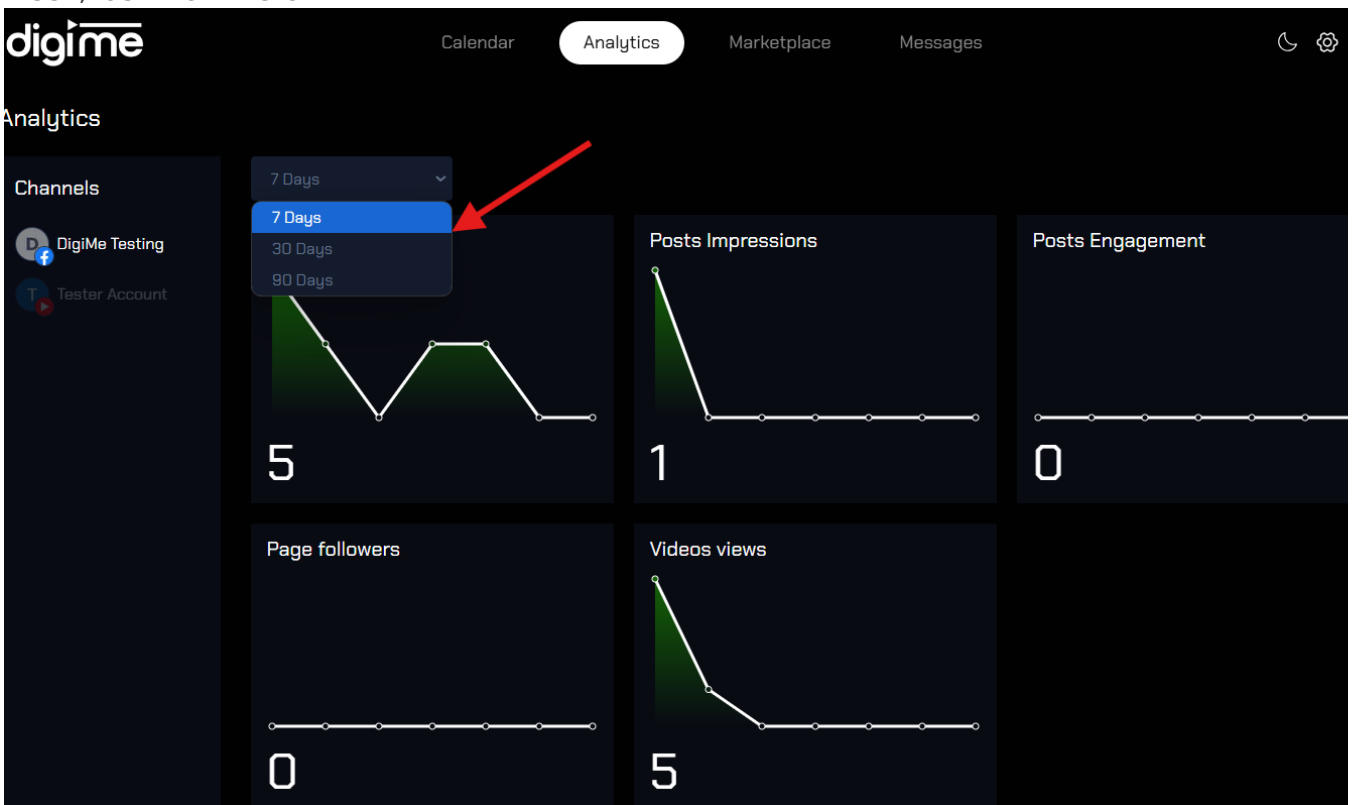

1. **Log into DigiMe:** After logging in, go to the “Analytics” section on the dashboard, usually accessible from the main menu.

2. **Select Social Accounts:** Choose the specific social media account or platform you want to review analytics for (e.g., Instagram, Facebook).

3. **Choose Date Range:** Set a date range to view metrics for a specific period, such as last week, last month etc.

4. **View Key Metrics:** DigiMe provides insights like engagement rate, likes, comments, shares, impressions, and follower growth.
